MEMORANDUM FOR THE UNITED STATES INTELLIGENCE BOARD

**SUBJECT: U-2 Overflights of Cuba, 29 August through
14 October 1962**

REFERENCE: Memorandum, same subject, dated 27 February 1963

The memorandum transmitting the referenced paper cautioned that the paper and its enclosure, which listed forecast weather and missions status, were for background use only. I should again like to remind you of the informal nature of the document and to caution you again not to use it as a verbatim briefing paper.

Further, I think it inappropriate for the cited views of individuals or of the USIB member agencies they represent to be made a matter of record on the basis of the referenced background paper.
